**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I am disgusted at the lack of competition in the filed of internet and telephone providers. As a result, I pay higher prices and get fewer options. My internet service provider, Comcast, constantly raises prices, lowers what I get for those higher prices as does my telephone provider AT&T. Since these providers have little or no competition and since they serve the public but with little or no watchdog agencies paying much attention, we the public have been shortchanged for many years now.

Time that the FCC stepped in and did the job they were told to do many years ago. protect the public from these greedy corporations and make sure they were watchdogged by them in a way that helped the public, not hurt them.

I look forward to major changes that will aid the public not continue to harm us.

Thank you.
